This was one of the biggest fields ever, and one of the classiest. The winners of both the men's and women's races each ran one of the fastest times ever recorded on this course, which for once was not a swamp: remember last year's cancellation?.

We were blessed with excellent weather for December: sunny, not too windy, and a good temperature (8/9 degrees?) for mid December. Judging by the turnout, starting at 11am is a good choice to continue with next year.

Apologies for any misspelt names!
